

## Canada's Baffin Bay and the West Greenland Coast

Venture far above the Arctic Circle, in a land where the sun never sets and polar bears roam, with the Best of the Western Arctic: Canada and Greenland itinerary. You'll be exploring the northerly shores of Canada's Baffin Island and the western coast of Greenland, searching for the wildlife and visiting the communities that call this mysterious realm home.

17 days/16 nights

### ITINERARY

#### Day 1: Arrival Iceland

Your Arctic expedition begins in Reykjavik. Explore Iceland's capital city on your own before spending the night at your included hotel.

#### Day 2: Reykjavik - Kangerlussuaq, Greenland - embarkation

In the morning, the group will transfer to the airport and board our private charter flight to Kangerlussuaq, a small town at the eastern head of Sondre Stromfjord, one of the longest fjords in the world. After embarking your ship in the afternoon, enjoy time out on deck, taking in your new surroundings as you set sail on your arctic expedition.

Venture far above the Arctic Circle, in a land where the sun never sets and polar bears roam, with the Best of the Western Arctic: Canada and Greenland itinerary. You'll be exploring the northerly shores of Canada's Baffin Island and the western coast of Greenland, searching for the wildlife and visiting the communities that call this mysterious realm home. Zodiac cruising gives you an awe-inspiring perspective of impressive icebergs, glaciers and fjords, while visits to communities immerse you in their traditional and modern way of life. The rugged beauty of these pristine places will have you marveling at the soaring cliffs of Sam Ford Fjord and the dazzling icebergs dotting the Ilulissat Icefjord. In this remote, wildlife-rich region, you may spot whales in their natural surroundings or get a glimpse of one of the Arctic's most iconic animals; the polar bear.

The Arctic has been inspiring explorers for centuries, and our expeditions offer the chance for you to discover why. We're excited to host you on your unforgettable adventure! Feel free to reach out to our team of Polar Travel Advisers or your travel professional, who can answer your questions and provide assistance at any time.

#### Days 3: At sea

As we cruise across the Davis Strait, your Expedition Team will prepare you for the adventures that await. Learn about the storied history and politics of the Arctic, its fascinating wildlife, geology, ecology and climate, and the incredible sights you will soon explore. Staff will also keep a lookout for seabirds soaring above your ship, as well as whales that frequent the waters here.

#### Days 4 to 6: Exploring Baffin Island, Canada

Baffin Island is the fifth-largest island in the world, it was named for English navigator William Baffin, who ventured to the area in the early 17th century in search of the fabled Northwest Passage. Your days sailing along the island's eastern coast will be guided by weather and ice conditions, with each day and each landing presenting new adventures. Some of our favorite destinations include Qikiqtarjuaq, Isabella Bay and Sam Ford Fjord. Towering mountains, deep fjords, colorful tundra, and Inuit settlements await!

The Inuit community of Qikiqtarjuaq (which means "the big island" in Inuktitut) is located just north of the Arctic Circle, on Broughton Island. Fondly called Qik by locals, the welcoming hamlet offers a superb vantage point of the Davis

Strait. You'll also have a chance to support local Inuit artisans here by purchasing unique artwork, crafts and jewelry.

The rarely explored Sam Ford Fjord is one of the most isolated places on the planet. It is a spectacular big-wall playground, attracting adventurous climbers eager to scale the dozens of towering vertical granite cliffs that erupt from the sea. Have your camera handy as you cruise along this impressive coastline carved by ancient glaciers—the towering formations, stacked side by side, are simply majestic.

#### **Day 7: At seas**

As our ship sails farther north, take in a presentation by our on-board experts, sip an icy cocktail in the bar, watch a movie or join your Expedition Team on the bridge as they scan for wildlife—there is no shortage of activities while at sea.

#### **Day 8 - 11: Lancaster Sound**

The gateway to the Northwest Passage, Lancaster Sound is one of the richest marine habitats in the Arctic. With open-water areas staying ice-free all year, it is an important summer feeding area for whales and other marine wildlife. Our days here will be spent exploring several of the sound's beautiful bays and inlets, discovering historical sites, enjoying Zodiac cruises and searching for such iconic wildlife as walrus, seals and, of course, whales. Polar bear sightings are possible too, as Lancaster Sound is known for polar bear sightings. If you're fortunate, you may even spot the elusive narwhal.

There may be a possibility for a shore visit at Radstock Bay, the location of one of the most impressive ancient Thule sites in the Arctic. Exploring the well-preserved remains of the subterranean houses, including the whale bones used as supports for the dwellings, will give you an understanding of how these pre-Inuit people thrived in the Far North.

We will attempt to land at Beechey Island, a Canadian National Historic Site. Named after explorer Frederick William Beechey, the island is the final resting place of members of Sir John Franklin's 1845-46 expedition to find the Northwest Passage. The graves, on a desolate rocky beach, were discovered in 1850 by a team searching for signs of the ill-fated expedition.

Predominantly covered in glaciers and ice fields, Coburg Island and its surrounding waters comprise the Nirjutiqavvik National Wildlife Area. The island's steep coastal cliffs are an ideal habitat for hundreds of thousands of nesting seabirds like Brünnich's guillemots (thick-billed murrelets), black-legged kittiwakes, northern fulmars and black guillemots.

#### **Days 12: Smith Sound**

Before saying goodbye to Canada, we'll push as far north as possible, exploring both sides of Smith Sound, the uninhabited passage between Ellesmere Island and Greenland. Experience a true expedition as weather and ice determine how far north we explore.

#### **Day 13 & 14: Explore Northwest Greenland**

Your return to Greenland will have you sailing along the remote northwest coast, a land of impressive icebergs and massive glaciers. Qaanaaq, formerly known as Thule, is one of the northernmost towns in the world. Here, local Inuit share their culture and traditions, while the museum sheds more light on life near the top of the world.

We hope to explore Melville Bay, a significant whaling site until the early 1900s. Opening up to Baffin Bay, the area is a major egress for the Greenland ice cap and is home to spectacular icebergs in all shapes and sizes, making it an ideal spot for Zodiac cruising. If you're feeling adventurous, perhaps you'll treat yourself to a unique arctic experience by partaking in an optional paddling excursion (additional cost).

#### **Day 15: At sea**

As we continue sailing south along the west coast of Greenland, presentations by our on-board experts will prepare you for the adventures that lie ahead.

#### **Day 16 - 18: Exploring West Greenland**

Boasting spectacular glaciers, mountainous landscapes, dramatic fjords and vibrant communities, the west coast of Greenland will leave you breathless. Some areas we hope to explore here are Uummannaq, Itilleq and the impressive Ilulissat Icefjord.

Quite possibly the most picturesque place in Greenland, the traditional Inuit town of Uummannaq (which means "heart-like") takes its name from the red heart-shaped mountain that rises up a staggering 3,840 feet (1,170 meters) behind it. You'll want to be positioned on deck as your ship approaches the shore, with your camera ready to capture the inspiring vistas of the twin peaks soaring high above the colorful houses dotting the rugged coastline.

Another beautiful locale is the Ilulissat Icefjord, a UNESCO World Heritage Site. Home to Jakobshavn, one of the most active glaciers in the world, this is a great spot to enjoy a Zodiac excursion past towering icebergs. Venturing ashore in the town of Ilulissat (which means "iceberg") will allow you to visit the icefjord on foot and gaze at this unforgettable

river of ice from the rocky shore.

Surrounded by sea and mountains, Itilleq (meaning “crossing place”) is situated about a mile (2 km) above the Arctic Circle, in a scenic hollow on a small island. It is the southern limit of the Greenlandic sled dog. To keep the breed pure, the dogs are not permitted south of this community and all other dog breeds are prohibited this far north. Explore the town’s traditional wooden houses painted in a rainbow of colors, chat with the locals, whose main trade is fishing, and maybe challenge them to a game of football (soccer) —it won’t be long before you’re experiencing Itilleq’s famous friendly vibe.

#### **Day 19: Disembark Kangerlussuaq - fly to Reykjavik**

Enjoy one more Zodiac ride to shore, where you’ll board your charter flight back to Reykjavik, Iceland. Upon arrival in Reykjavik, we will transfer you to your included hotel.

#### **Day 20: Depart Iceland**

Today, you can make your way home at your leisure or spend time exploring this vibrant city.

## Details

### **2020 Date:**

September: 10

### **2020 Prices:**

From US\$11,995 – triple to US\$53,990 – single or twin, Owner’s Suite

Prices are “starting from” rates, shown in US\$, per person based on three people sharing a triple cabin or two people sharing a suite. Several categories of cabins are offered on this expedition cruise. Pricing is available for single occupancy of a cabin or suite.

### **Trip Code:**

002151 - W20

## INCLUDED

- Shipboard accommodation with daily housekeeping
- All breakfasts, lunches, dinners and snacks on board
