TOUR NOTES

Daily Tundra Buggy® excursions, led by a knowledgeable Interpretive Guide, allow guests to explore the area beyond the Lodge and give plenty of photography opportunities. Evenings at the Lodge can be as memorable as the days, with a chance to get to know other guests and swap tales. Enjoy presentations from our Interpretive Guides and Polar Bears International experts, world-renowned polar bear researchers and scientists we host on our Lodge. On clear nights, the magical dance of the Northern Lights can be seen easily from the Lodge's outdoor observation decks.

The Tundra Buggy® Lodge offers a unique, immersive experience where guests can fall asleep and wake up with polar bears right outside the window. The lodge consists of two accommodation units; a lounge with public computers and Internet; and dining unit where guests can share stories and enjoy delicious home cooked meals.

Specialist, Enthusiast and Adventurer levels of touring. You may already have noticed that some of our Churchill polar bear programs are categorized as Specialist, Enthusiast or Adventurer. But what do the categories mean? Well, here's the low down.

- Specialist and Enthusiast level tours offer smaller group sizes and include a photography or interpretive guide. Adventurer level tours have the largest group size, so the lowest prices.
- If you are looking for the most economical tour, then an Adventurer level tour is for you.
- If you have a bit bigger budget and want a smaller group with an interpretive guide, then an Enthusiast level tour would be the best choice.

– The Specialist tours require the biggest budget and focuses (pardon the pun) on specific interests such as photography, with an expert guide along.

Confused as to what level of tour best suits your needs? Just ask us and we'll go through the various tour options and dates to find the best fit.
