

Narwhal and Polar Bear Safari

Experience the classic spring floe edge, with the chance of viewing polar bears, narwhal and icebergs under the Midnight Sun. At the northern reaches of Baffin Island the sea ice meets the open water and marine mammals and other wildlife congregate at what is known as the "line of life".

ITINERARY

Day 1 - Arrive in Iqaluit - fly to Pond Inlet - transfer to Arctic Safari Camp

Our Narwhal and Polar Bear Safari is the perfect adventure for first-time visitors to the Arctic as well as seasoned Arctic travellers. It is suitable for adults and families, and amateur or professional naturalists and photographers. This Arctic tour offers an and a variety of bird species, as well as spectacular landscapes.

The vast expanses, seemingly-endless skies, and tranquillity of the Arctic, and our small group program, allows for a serene and unhurried experience of the Arctic. Relax with the freedom to linger and watch or photograph the magnificent Arctic scenes around you or simply discover the beauty and wonder of the Arctic's floe edge.

Upon landing in Iqaluit, you will be required to leave the secure gated area of the airport terminal to reach the gate where you will continue your travel to Pond Inlet. After arriving in Pond Inlet, you will be welcomed by your Expedition Leader and transferred to Parks Canada for an orientation. Then meet your Inuit guides and travel to our Arctic Safari Camp by qamutik (a traditional Inuit wooden sled with suspension or foam padded seats pulled behind a snowmobile), where you will experience the exhilaration of gliding across the ice. The journey's time will vary depending on ice conditions but will include tea and coffee stops. Our Arctic Safari Camp will be set up a few kilometres back from the floe edge.

*NOTE: Please prepare and hold onto a day pack with warm clothes for travelling to the Arctic Safari Camp - your luggage will be inaccessible until arriving at the Camp.

Day 2-6: Floe Edge

During the next few days, excursions will include trips out to the floe edge to look for wildlife. Enjoy the mild spring weather and engage in a variety of activities at the floe edge. Snorkel and kayak amongst sea ice when conditions permit.

One of the greatest highlights for many guests on this safari is the opportunity to observe a variety of Arctic wildlife in their natural habitat. Migratory birds are also in abundance and with the stillness of the Arctic, you are able to hear the songs of the birds before you even see them. Ice conditions permitting, you may also visit the Bylot Island Migratory Bird Sanctuary, where more than 200,000 birds choose to nest each year. For birders, the earlier departures are best for this activity.

Please note, you may encounter Inuit hunters on this safari.

Day 7: Arctic Safari Camp, Floe Edge - Pond Inlet - Iqaluit

After breakfast, depart camp by qamutik and snowmobile to Pond Inlet. Fly from Pond Inlet to Iqaluit and spend your final night at the Frobisher Inn. Enjoy dinner, followed by a special Inuit cultural show.

Day 8: Departure

After breakfast, there will be an optional town tour or time to explore Iqaluit on your own. Then depart for Ottawa with the spirit of the Arctic, and a full photo album of memories and friendships.

Details

Group Size: max. 16

2022 Departures:

Select dates in May and June

2022 Pricing:

CA\$19,540 - twin or single willing to share (limited), Safari tent
