

Essential Greenland, Southern Coasts and Disko Bay

Enjoy an ultra-immersive exploration of Greenland's most remote regions, sailing the icy waters of the rarely traveled southeast coast, traveling down to the lush southern tip, and stopping to visit local communities and observe imposing glaciers of the west coast. Visits to picturesque villages and Norse ruins will provide an intimate look into Greenland's distinct culture and history, while the rugged landscape, highlighted by dramatic fjords, imposing glaciers, towering mountains and verdant valleys, will leave you breathless.

15 days/14 nights

ITINERARY

Day 1: Arrive Iceland

Arrive in Icelandic and make your way to the capital city of Reykjavik to check-in to your hotel, which is booked as part of your cruise program. Should your room not be available for check-in when you arrive you will be able to put your luggage into their storage room and go out for a walk and some lunch. Return early afternoon and your room will be ready for you. Spend the day exploring the city on your own. Or ask us to book you on an optional walking tour. In the evening, join your group at the hotel for a welcome briefing.

Day 2: Embarkation Day - Reykjavik

This afternoon, you'll board your vessel and begin your expedition, setting out from Reykjavik Harbour in preparation to cross the Denmark Sea. Get ready for a great adventure ahead!

Days 3: At sea

As we cruise across the Denmark Strait, your Expedition Team will teach you about the wildlife and storied history of Greenland, its fascinating geology, ecology and climate, and the incredible sights you will soon explore. Staff will also keep watch for the seabirds you'll likely see soaring above your ship, as well as the whales that can be encountered here.

Days 4 & 5: East Greenland

Your exploration of Greenland begins with East Greenland, one of the least visited and most remote parts of the island. Your days sailing along the coast will be guided by weather and ice conditions, with each day and each excursion presenting new adventures. The region is a sight to behold, boasting a mesmerizing maze of vast glaciers, steep mountains and breathtaking fjords.

One location we hope to visit if conditions allow is Skjoldungen, where you'll cruise between the mountains to view glaciers deep within the fjords surrounding this island. The narrow part of the fjord provides an ideal place to put our Zodiacs in the water for a more in-depth exploration.

If conditions allow, you may also visit the site of an abandoned Inuit settlement, whose inhabitants were relocated to larger, more accessible towns around 1961. Exploring ashore, you'll experience a true arctic ghost town, complete with abandoned buildings, furniture and even shoes! Hiking the rugged terrain rewards with impressive views of snow-capped mountains, deep green waters and the surprisingly colorful arctic tundra. This site is prone to insects, however, so have your spray or netting at the ready.

If you're feeling even more adventurous, perhaps you'll treat yourself to an optional paddling excursion (extra cost), an unforgettable opportunity to glide past icebergs and glaciers and capture some photographs from a unique perspective.

Another possible destination is Lindenow Fjord, a great spot for Zodiac cruising, if conditions are favorable. This rarely visited deep fjord is fed by a number of glaciers and offers ample opportunities for your camera to get a workout. You'll also want to keep watch for bearded seals, as they're known to haul out on the ice floes.

Days 6 & 7: South Greenland

Sailing on, we'll explore Greenland's fertile southern coast. Nicknamed Arctic Patagonia, this region is as rich in spectacular scenery as it is in history and culture. Here, it's easy to see why Erik the Red gave Greenland its name: everywhere you look rewards with vistas of icy waters set against a backdrop of soaring mountains, crystal-clear waterfalls and unbelievably lush, green valleys. Scattered around the shores of the fjord systems that dominate the area are several small settlements, both ancient and present day, making South Greenland an ideal place to explore.

The magical Prins Christian Sund, a complex maze of narrow fjords and channels, is a great place for cruising. You'll explore this stunning sound, home to calving glaciers, jagged mountains and sheer cliffs that plunge dramatically into the water. Sailing this coastline from the vantage point of your ship or a Zodiac is an exhilarating experience. If conditions allow, venturing ashore provides opportunities for all levels of hiking.

Steeped in Norse history, the southern coast of Greenland provides plenty of places to learn about this ancient culture. One such landing we hope to make is at Hvalsey, the site of Greenland's largest and best-preserved Norse ruins. Exploring the remains of the circa 14th-century church will feel like stepping back in time, as the building appears much as it did when it was abandoned in the 15th century and the surrounding fells and fjord remain similarly untouched.

The little village of Igaliku, home to about 30 inhabitants, is Greenland's oldest sheep-farming settlement. It's a charming place to go ashore, as sheep peacefully graze on the grass, surrounded by bloom-covered rolling valleys and snow-capped mountains. The area is also known for its storied past, as evidenced by the remarkable red sandstone ruins of the Gardar cathedral (the largest church in Greenland in the Middle Ages) and bishop's residence, which date back to the early 12th century, when Greenland's first bishop was appointed. Wandering the foundations, excavated in 1926, you'll get to see a bit of history firsthand as you learn about this interesting relic of the Viking period. Together with four other historic farming communities, Igaliku is part of a newly established UNESCO World Heritage Site.

Days 8 - 13: Greenland's West Coast

Your exploration of Greenland begins with East Greenland, one of the least visited and most remote parts of the island. Your days sailing along the coast will be guided by weather and ice conditions, with each day and each excursion presenting new adventures. The region is a sight to behold, boasting a mesmerizing maze of vast glaciers, steep mountains and breathtaking fjords.

One location we hope to visit if conditions allow is Skjoldungen, where you'll cruise between the mountains to view glaciers deep within the fjords surrounding this island. The narrow part of the fjord provides an ideal place to put our Zodiacs in the water for a more in-depth exploration.

If conditions allow, you may also visit the site of an abandoned Inuit settlement, whose inhabitants were relocated to larger, more accessible towns around 1961. Exploring ashore, you'll experience a true arctic ghost town, complete with abandoned buildings, furniture and even shoes! Hiking the rugged terrain rewards with impressive views of snow-capped mountains, deep green waters and the surprisingly colorful arctic tundra. This site is prone to insects, however, so have your spray or netting at the ready.

If you're feeling even more adventurous, perhaps you'll treat yourself to an optional paddling excursion (extra cost), an unforgettable opportunity to glide past icebergs and glaciers and capture some photographs from a unique perspective.

Another possible destination is Lindenow Fjord, a great spot for Zodiac cruising, if conditions are favorable. This rarely visited deep fjord is fed by a number of glaciers and offers ample opportunities for your camera to get a workout. You'll also want to keep watch for bearded seals, as they're known to haul out on the ice floes.

Day 14: Disembark in Kangerlussuaq - fly to Reykjavik

Enjoy one more Zodiac ride to shore, where you'll board your charter flight at Kangerlussuaq Airport and fly back to Reykjavik, Iceland. Upon arrival in Reykjavik, we will transfer you to your included hotel.

Day 15: Depart Reykjavik

After breakfast, you can make your way home at your leisure or spend some more time in Reykjavik.

Additional time in Iceland may be added before or after your expedition cruise program. Just ask us to offer you some options to extend your stay.

Optional add-on tours: Sea kayaking

Explore the ocean from a more intimate vantage point on a sit-on-top kayak. No experience is required to manoeuvre these very stable kayaks, allowing you to enjoy an unforgettable experience on the water, taking in breathtaking landscapes and wildlife. Whether it's your first time in a kayak or you want greater flexibility to try other Adventure options, this shorter excursion is for you.

Paddling in the Polar Regions is highly weather-dependent and a one-time experience. Your kayak guides will attempt to take you out on the water for 1-1.5 hours of paddling. Offered on most voyages, spaces are limited. All equipment, guides and instructions are provided.

Limited availability, pricing on request.

Details

2022 Date:

July: 01

2022 Prices:

From US\$10,995 - Explorer Triple to US\$28,995 - Ultra Suite

Mandatory Reykjavik stay & Transportation package: US\$1,295 per person
